

Inside the Course

On the homepage of the course in GoVIEW, click the “More” tab on the header and then select “Free Tutoring” in the drop down box. This will direct you to the Tutoring Services page.

On the Tutoring Service page students have the following options: Tutor.com, Embedded Librarian, Embedded STEM tutoring (this is only an option for students enrolled in a math or science course) and finally the Writing Center. These are all free support resources at the students’ disposal.

Welcome Screen

On the homepage of Tutor.com the students have several different options for tutoring. Students can select 'Connect with a Tutor Now' or if they can 'Schedule a Session' for the future.

The screenshot shows the Tutor.com homepage. At the top, there is a navigation bar with the Tutor.com logo on the left and five menu items: 'Connect with a Tutor Now', 'Schedule a Session', 'Drop Off Your Work', 'Test Prep and Self-Study', and 'My Account'. Below the navigation bar is a large yellow banner with the text 'Welcome, Katie!' and a sub-message: 'Whatever you're working on, we're here to help. Let's get started.'

Meet with a Tutor

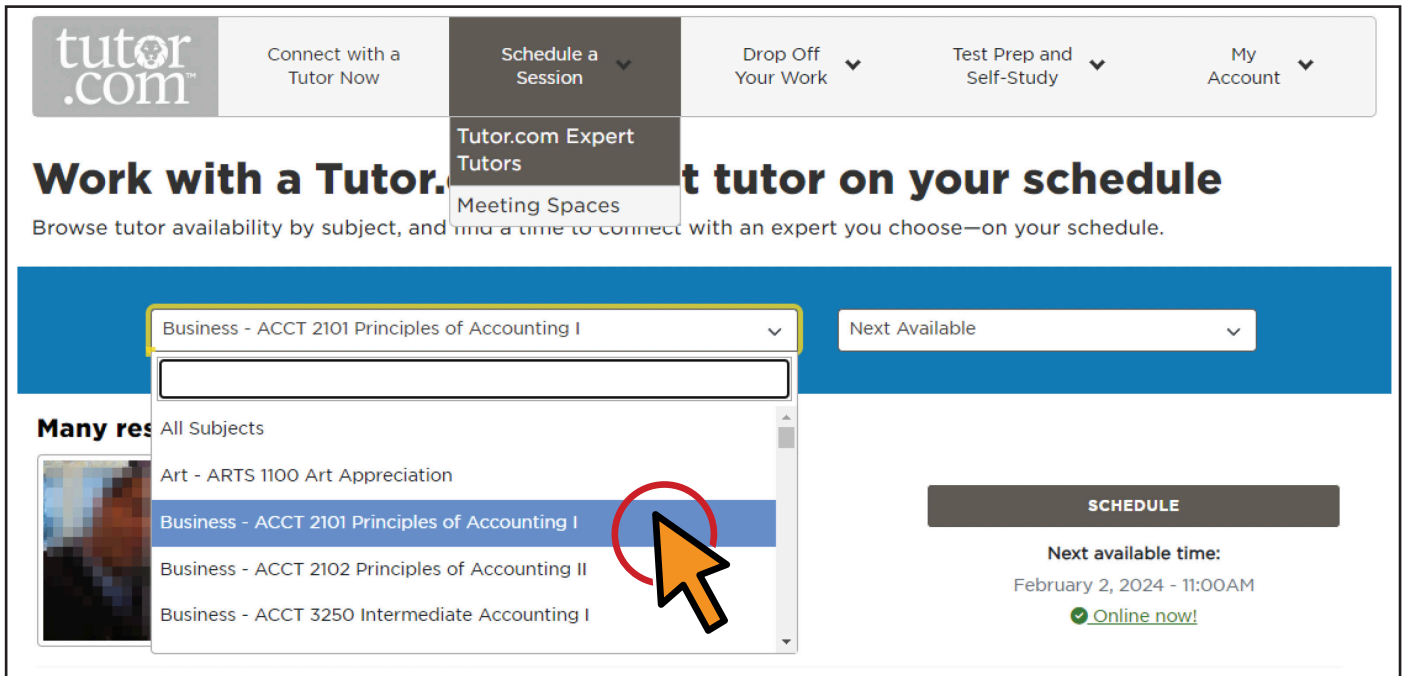

If a student wants to work with a tutor now, they'll select 'Connect with a Tutor Now'. Then they would select their topic and course before entering their question and connecting with a tutor. It may take 5 - 10 minutes for a tutor to connect.

The screenshot shows the 'Connect with a Tutor Now' interface. At the top, there is a navigation bar with the Tutor.com logo and five menu items: 'Connect with a Tutor Now', 'Schedule a Session', 'Drop Off Your Work', 'Test Prep and Self-Study', and 'My Account'. Below the navigation bar is a section titled 'Connect with a Tutor Now' with a link to a tour and a message: 'You have 30 hours remaining.' The main content area is a blue form titled 'What do you need help with today?' with a language dropdown set to 'English'. The form includes a 'Topic' dropdown set to 'English', a 'Subject' dropdown with a list of courses (ENGL 1101 English Composition I, ENGL 1102 English Composition II, ENGL 2111 World Literature I, ENGL 2112 World Literature II, ENGL 3405 Professional and Technical Writing), radio buttons for 'Chat Only' and 'Chat with Voice', a 'Question' text area, and an 'Attach a File' link. A yellow 'SUBMIT' button is at the bottom right.

Schedule a Future Session

If a student would like to schedule a session with a tutor, they will need to click “Schedule a Session” then click in the “All Subjects” drop down box and select the course they need assistance with.

From there they will be able to select a tutor and schedule a day and time for the tutoring session.

Tutor.com also has an option for students to schedule a meeting space for students to study together for exams or work on a group project together. This option is not tutoring based, but a meeting space for students.

Drop off a Question or Take a Practice Quiz

If students have a specific question for a tutor or maybe just don't have time to schedule a session, they can drop off a writing or math question and the student can expect to receive feedback from a tutor in 24 hours.
